

Quality Control Process Defense Property Accountability System (DPAS) Warehousing Application

United States Marine Corps
Individual Issue and Unit Issue Facility
(IIF and UIF)

Implementation Training Course

William V. Richardson Jr. and John T. Barrera

Purpose

- Provides the capability for the Quality Control Manager to assign a Cost Center and personnel on tasks that have been placed in an inspection queue.

Background

- There are five Quality Control Type of Request:
 - Receipts
 - Issues
 - COSIS (Care of supplies in storage)
 - Kit Assemble
 - Other

Situation

You are the Quality Control Manager. The Site Manager has alerted you there is a QC Tasking that requires the allocation of a Cost Center and persc
